WRITES ON THE SILO

A VERY INTERESTING ARTICLE
BY GEO. P. BELLOWES.

MEANS BETTER FARMING

Tells of the Advantages of the Silo
to the Farmer and What
It Means.

The following article was written by Col. George P. Bellows and should be read by every farmer in Nodaway county, as he has some interesting things to say on the silo:

"Farming is the biggest business in the world. It is also one of the most respectable and dignified. The farmer who puts brains and enthusiasm into his business receives the plaudits, respect and admiration of all classes of people.

"After eighteen years of travel, studying agricultural and live stock conditions in all parts of the United States, Canada and Great Britain, I can say with truth that the farmers of Nodaway county will compare favorably with those of almost any other section.

"I hold, however, that it should be both the ambition and duty of every Nodaway county farmer to make the best of his opportunities, which consist of a naturally fertile soil, equitable climate, good markets and other favorable natural conditions. By so doing he can put himself far ahead of the average farmer as found the country over.

"My observations lead me to suggest that Nodaway county farmers can bring about great improvement in their business and materially increase their profits by giving increased thought and attention to a few scientific but simple and well established principles, such as rotation of crops, economy of production, elimination of unnecessary waste and the marketing of the finished product instead of the raw material.

"Right here the reader is apt to inquire, 'What has all this got to do with the silo?' My answer is that the use of the silo is a strong determining factor in bringing about the reforms above suggested. I firmly believe that the most successful and prosperous Nodaway county farmers of the future will not be those who simply grow grain and haul it to market, but will be those who keep a plentiful supply of live stock on the farm.

"It is a lamentable fact that the producing value of many Nodaway county farms has been falling off. The almost exhausted fertility of the soil can and must be replaced if we are to continue to hold our proud position of the leading agricultural county of the state.

"There are two ways to do this and both should at once be put into practice. They are, rotation of crops, and the keeping of more live stock on the farm. These two things intelligently applied will not only increase our direct profits, but will also add to the actual value of all farm lands thus treated.

"Many of our fields need a rest from corn and are crying for clover and manure, which will put back into the soil what the continuous

(Continued on page 3.)

News of Society and Womens' Clubs

Guest at Reuillard's Cafe.

Mr. and Mrs. F. P. Reuillard and daughters, Misses Marie and Ruth Reuillard, entertained at dinner Wednesday little Miss Laura Margaret Raines, daughter of Mr. and Mrs. H. L. Raines.

Had Graham Guests.

Dr. H. S. Rowlett of Graham was a dinner guest on Wednesday of Mr. and Mrs. G. B. Holmes.

M. E. Missionary Society.

The Woman's Foreign Missionary society of the First M. E. church will meet Thursday afternoon with Mrs. Charles McNeal, on South Buchanan street.

Meeting Postponed.

The missionary society of the First Baptist church will not hold its regular monthly meeting this week, which was to have been held Friday afternoon at the home of Mrs. M. H. Borrusch, on South Main street. Next week the society will observe the week of prayer for all of the missionary societies. The program will open at the Wednesday evening prayer services next week. On Thursday afternoon Mrs. Frank Armstrong will lead the services that will be held at the home of Mrs. William Evarhart. Friday afternoon the monthly program will be given at the home of Mrs. Borrusch.

Celebrated Birthday.

Anice Garten, the 10-year-old daughter of Mr. and Mrs. Shell Garten of 808 East Fourth street, celebrated her birthday anniversary Monday afternoon by entertaining a number of her little friends. Various games were played and refreshments of ices and cakes served. Those present were Marie and Beatrice Ward, Alberta, Gladys and Myrtle Hahn, Vida Carmichael, Claude and Carrie Bertha Garten, Nellie and Wilma Seig, Edith and Mildred Grundy, Celia Martin, Bessie Cornett, Mildred Moore, Beulah McClarnon, Romaine Garten and Bernice Orcutt.

Entertained Bridge Club.

Miss Maud Bainum was hostess to the Bridge club Monday afternoon, when Miss Lela Chilton of St. Joseph, who is visiting her aunt, Mrs. James B. Robinson, was the honor guest. After the games Miss Bainum served a chafing dish luncheon. Her guests were Miss Chilton, Miss Elise Jackson, Miss Marie Brink, Miss Laura Barmann, Miss Marie Woolley, Miss Kitty Grems, Miss Rena Sturm and Miss Brownie Toel.

Entertained at Dinner.

Miss Olive Edna Randall entertained Mr. and Mrs. P. O. Landon and Dr. H. L. Stinson at a 6 o'clock dinner Tuesday evening at her home, on South Main street.

Their Silver Wedding.

Mr. and Mrs. J. H. Thorp of North Mulberry street kept very quiet about the fact that Saturday, February 25, was the twenty-fifth anniversary of their wedding, because they knew that so far as looks go, they could easily make people believe they had been married but ten or fifteen years. But Mrs. Thorp's mother, Mrs. C. W. Thorp, who makes her home with them, planned a very successful surprise for Mr. and Mrs. Thorp and invited a number of their friends to celebrate their silver wedding, and their cherished secret was out. While visiting a nearby neighbor, who gave them a special invitation to come over, the guests gathered at their home, bringing with them a number of silver gifts as tokens of remembrance. Mr. and Mrs. Thorp were surprised to the entire satisfaction of all when they were summoned home on some pretext of Mrs. Thorp's mother. Lunch was served at 6 o'clock. The guests included Rev. and Mrs. W. J. Parvin and their guests, Mr. and Mrs. J. H. Prather of Kansas City; Mr. and Mrs. R. E. Thomas, Mr. and Mrs. Horace Smith, Mr. and Mrs. David Deming, Mr. and Mrs. L. M. Woodworth, Mr. and Mrs. S. G. Sealeman, Mr. and Mrs. W. S. Trewett, Mr. and Mrs. Del Thompson, Dr. and Mrs. F. M. Martin, Mr. and Mrs. J. E. Mann, Mr. and Mrs. N. E. Hopper, Mr. and Mrs. E. T. Funk, Mr. and Mrs. Thomas O'Brien, Mr. and Mrs. C. O. Turner, Mr. and Mrs. John Rickman, Mr. and Mrs. John Wells, Mr. and Mrs. E. B. Sheldon, Mr. and Mrs. G. Matter, Mr. and Mrs. Will Mann, Mr. and Mrs. E. E. Tilton, Mrs. B. E. Condon.

(Continued on page 2.)

SELLS HIS INTEREST

IN THE FURNITURE STORE TO
CHARLES McNEAL.

TOOK POSSESSION TODAY

J. B. Henderson was the One to Sell
Out—New Firm Will Be Price
& McNeal.

Charles McNeal, formerly of the lumber firm of McNeal & Parcher, on West Third street, has purchased the interest of J. B. Henderson in the Henderson-Price furniture and undertaking store on South Main street and took possession Wednesday morning.

Mr. Henderson has not yet decided what he will do, but we hope he will continue his residence in our city as one of our live young business men.

The new firm needs no introduction to the people of Maryville. The senior member of the firm, John Price, has been in the same business for a number of years and has a wide acquaintance and reputation for square dealing, as has also his new partner.

The new firm will be known as the Price-McNeal Furniture and Undertaking company. We wish all parties to the deal success.

MERRILL-MASON CASE IN COURT TODAY

Circuit court was in session Wednesday, the case of Charles Merrill against A. O. Mason being tried. The case went to the jury Wednesday afternoon at 2:30 o'clock. Mr. Merrill was suing for the recovery of a half interest in a threshing machine and engine which he purchased of the defendant a year ago.

Marvin Miller pleaded guilty in court this morning to a charge of disturbing the peace and was fined \$1 and costs.

Visiting Brother's Home.

Mrs. N. C. Else of Osborn, Kan., arrived in Maryville Wednesday and is a guest at the home of her brother, G. A. Pickens, in West Terrace place.

Rev. Jordan Here.

Rev. M. H. Jordan, pastor of the M. E. church at Conway, Ia., was in Maryville Tuesday on his way to Sanberry. He spent Wednesday in Maryville on business.

WHY DON'T FARMER BOYS MAKE USE OF OPPORTUNITIES THEY HAVE AT HOME?

Born, raised, and educated in a big city, the writer of this little article, after traveling through the farming districts and small towns of this country for six years, is asking himself the question: "Why do not farmer boys and young men in the smaller towns and villages realize and make use of the opportunities they have at home instead of rushing off to the big city, to throw themselves into the maelstrom of hurry, worry and merciless competition found there.

It must be that they are ignorant both of the splendid openings they have at home, and of the heart-breaking work most of them will find necessary to obtain a foothold and make good in a big city.

The young farmer, born to the soil, absorbing unconsciously a practical knowledge of his vocation as he grows up, studying it earnestly with the many excellent educational facilities now within his reach, is one of the most prosperous, successful and independent men we have today, envied alike by the common laborer and the hard driven business man of the city. As Washington said, he is engaged in "the most healthful, most useful and most noble employment of man." And not only this, but agriculture, carried on in a business-like, up-to-date manner, is a highly remunerative occupation, which, when its science is studied, rises to the dignity of a profession.

The young man in the country town or village, what chance has he? If he is the right kind of young man, sober and industrious, he will be favorably known, and popular with his townspeople, to begin with.

In any position he may secure in the home town his acquaintance and family connections, good name, etc., are a part of his capital, and make him invaluable to his employer.

He can go into business for himself on a great deal less capital than is re-

WM. LORIMER WINS

THE VOTE TAKEN TODAY WHITE-
WASHES ILLINOIS SENATOR.

WAS 46 TO 40 AGAINST

Senator Lorimer Was Not in the Sen-
ate When the Vote Was Taken
This Afternoon.

Special to The Democrat-Forum.

Washington, March 1.—The vote on the resolution to unseat Senator Lorimer of Illinois was taken up this afternoon and resulted in a vote of forty for the resolution and forty-six against. The vote taken in the senate this afternoon sustains Senator Lorimer and he will retain his seat in the senate.

Senator Lorimer was not present in the senate when the vote was taken.

ARRESTED FOR STEAL- ING AND KILLING A HOG

Charles Smith and Tom Profit were arrested Tuesday evening on a charge of stealing a hog from Wm. Mozingo Monday night and butchering it. Another man in the party was George Bragg, but he left for St. Joseph, and up to Wednesday afternoon had not been arrested.

Moved to Maryville.

Mr. and Mrs. J. R. Jones moved to Maryville Tuesday from their farm, one mile south of Maryville, to the residence of W. J. Renshaw, on West Grant street, which they recently bought. Mr. Renshaw and family will move to their farm, south of the Rockford church, just as soon as their new residence is completed.

Mrs. D. T. Garrett of Burlington Junction visited in Maryville Wednesday with her daughter, Mrs. Bert Moore, at 507 South Market street.

Mrs. Belle Young of Pickering was shopping in Maryville Tuesday evening.

Mr. and Mrs. G. C. Pearson and son, Wilson, of Guilford returned to their home Wednesday from a business visit in Maryville since Saturday.

GOODS ARE CHEAPER IN CANADA

John M. Lytle, who arrived in Maryville Monday from Sarina, Canada, with his family for a visit while recuperating from a broken arm sustained in a wreck on a Canadian railway on which he is employed, says that nearly every article of commerce to be obtained in Canada is of English make, and is to be had for less money than American goods. For instance, clothing is practically all of English make, and while the styles are not always right up to the minute, the goods are of the best quality. An English tailor made suit may be bought from the store in Canada for \$12.

BASKET BALL GAME AT NORMAL FRIDAY

There will be another basket ball game between the Normals and the Pirates at the Normal gymnasium Friday afternoon. Perrin will play with the Normals this time, and his place on the Pirate team will probably be taken by Vandersloot, the fast high school forward.

SPRING TERM OF NORMAL OPENED TODAY

The regular class work of the spring term began at the Normal Wednesday with an attendance of over one hundred. Prof. Colbert has not returned from Ohio, because of illness, but his classes are being met by others of the teachers. Miss Hope, the new critic teacher of the training school, is here, and Miss Martin has begun work with her kindergarten class. The prospects look good for an advance in all departments over the spring term of last year.

GAVE A VERY IN- TERESTING TALK

A very interesting and helpful talk was delivered at the Normal assembly this morning by Dr. L. O. Bricker, pastor of the First Christian church of this city. Rev. Bricker took for his subject "The Idylls of the King," by Tennyson, and the speaker dwelt on the life and character of Tennyson.

TO PUT IN A BOT- TLING PLANT HERE

L. G. Upschults of Jefferson City was in Maryville Wednesday on business. Mr. Upschults will move here soon, having decided to put in an up-to-date bottling works. The name of the company will be the "Banner Bottling Works," and they will manufacture soda and mineral water. Mr. Upschults is an experienced man and is very familiar with this kind of work.

BASE BALL NINE NOW AT WORK IN GYM

Candidates for the Normal base ball nine are now at work in the Normal gymnasium, limbering up their arms with a little pitching practice.

Returned to Colorado.

Mrs. B. H. Osborn of Fowler, Col., who has been making a brief visit in Maryville with her sister, Mrs. C. D. Hooker, and her brother, Samuel H. Townsend, and other relatives, left for her home Wednesday morning. Mrs. Osborn was the honor guest at a dinner Monday given by Mr. and Mrs. Townsend, at which relatives were present.

Mrs. Wiles Improving.

Mrs. Walter Wiles, who is quite ill at her home, on North Mulberry street, is improving.

Miss Edna Martin, who has been visiting her mother, Mrs. John Workman, of near Pickering, returned to her home in King City Wednesday, where she attends school and lives with her aunt, Mrs. A. C. Parsons.

Miss Eva Comer returned to her work at the State Normal Tuesday. She spent the vacation with her sister, Mrs. John Keats, of near Hopkins.

TO TEST SEED CORN

AGRICULTURAL DEPARTMENT TO
TAKE IT UP.

FOR THE FARMERS HERE

President Taylor Writes About the
Plan and Urges Farmers to
Send in Seed Corn.

Dr. H. K. Taylor, president of the State Normal school, writes as follows, calling the attention of farmers to having their seed corn tested by the Northwest Normal agricultural department:

What percentage of your seed corn will grow if the weather should be cold and wet after the corn is planted next spring?

Owing to the condition of the corn last fall, Prof. S. M. Jordan predicted a great deal of poor seed unless special care was taken to secure good corn for planting. The farmers of Northwest Missouri lose thousands of dollars every year through planting poor seed.

Now is the time to find out if every ear of corn intended for planting will furnish kernels with strong, vigorous germs. To aid you in this the Northwest State Normal school proposes to help you test your seed corn.

Take two kernels from each of fifty ears of corn you intend to plant. Place the 100 kernels in a strong envelope or bag made for the purpose. Wrap the package securely so that it may be sent through the mail. Place your name and address in the upper left-hand corner. Put on the postage required, a two or three-cent stamp, and address the package to the Northwest State Normal school, Maryville, Mo.

Then, will you be kind enough, in a separate letter, to state when the seed was gathered and how it was stored during the winter. Should corn enough not be saved for seed, and it is intended to use seed from the crib, pick out the seed corn now, and send two kernels from each of fifty ears. This corn should be tested by all means.

The agricultural department of the Normal agrees to test all corn sent in before the 20th of March and report the results in a letter to the sender.

The report will show the per cent of kernels showing strong, weak or worthless germination. If the sample does not show all strong kernels, directions as to what to do will be included in the report.

None of the seed corn should be shelled until after the report is received.

The agricultural department of the Northwest Normal is always ready to help boost the farm crops of Northwest Missouri.

The two gentlemen in charge of this department, Professors Hogan and Cameron, will be glad to render all assistance possible to the farmers of Northwest Missouri along any line in which they may be interested.

Call on us when you need our assistance.

Very truly,
H. K. TAYLOR,
President Northwest Normal School.

The Weather

Fair tonight and Thursday; not much change in temperature.

DR. FINN

Treats eyes with glasses only. He can give you 5,000 references in Maryville and Nodaway county. Ask your neighbors about Finn's glasses that make weak eyes strong.

W. B. Finn

DR. GERTRUDE DUVALL

Ophthalmologist

The fitting of glasses
a specialty.

ALL WHO HAVE EYE TROUBLES

Are invited to bring them to us.

We make no distinction about age, length of time trouble has existed or anything else.

We wouldn't be competent opticians if we weren't able to prescribe glasses for ALL cases, and do it successfully, too.

So to all who need the aid of glasses we say—Depend upon us to choose the proper ones for you.

ANNOUNCEMENTS.

We are authorized to announce Ed F. Hamlin as a candidate for the office of township assessor of Polk township, subject to the action of the Democratic township convention.

I hereby announce myself as a candidate for collector of Polk township, subject to the Democratic township nominating convention.

FRED. H. STEPHENSON.

We are authorized to announce Henry Westfall as a candidate for collector of Polk township, subject to the action of the Democratic primary.

PLATTE VALLEY.

We have a spell of weather once in a while here in the valley.

Charles Evans, the auctioneer of Parnell, cried three sales in this vicinity last week—Charles Stouffer's on Thursday, Newt Kennedy's on Friday and Newcomer Bros. and Tom Parnan's on Saturday. All were very good sales.

James Lett and family and his mother-in-law, Mrs. Mary House, spent Sunday at Mrs. Mary Richards'. Miss Lucy Richards closed a very successful term of six months' school last Friday at the Liberty school.

On last Wednesday, Washington's birthday, William Arden Swinford of near Bedison and Miss Verna Felker of Guilford passed through the valley en route to Barnard, where Rev. J. H. Thompson spoke the words that made them man and wife for life. Ye scribe joins their many friends in wishing them a happy and prosperous life.

K. C. Knudson and wife had the misfortune to lose their other twin baby last Saturday. Funeral from the home, in charge of Elder E. S. Fannon. Interment in Platte Valley cemetery, Monday at 11 o'clock.

W. B. Torrance, E. Halfhill, Emmett and Miss Ethel Byergo were in Barnard on business last Saturday.

Last Sunday occurred a very quiet yet long looked for wedding, when, in the farm home of Jacob Brett, at 4 p. m., Lawrence Skidmore, a merchant of Guilford, and Miss Amy Breit, the accomplished daughter of Jacob Brett, were united in marriage by Rev. J. D. Randolph of Kirksville, Mo. A few relatives witnessed the ceremony. They will live in Guilford in the Miss Mary Hildebrand house. Here are congratulations and a wish of long life and happiness to you, Lawrence

THE EYES ARE FIRST

Do not neglect the eyes though the pocket book be "weak." The saving of dollars may mean the ultimate loss of vision. If your EYES are weak do not delay seeing us—our prices are reasonable compared with the service you get.

MISSOURI.

and Amy.

The lads and lasses of the valley gathered at the home of Elmer Throckmorton on Monday evening and spent the evening in games and merriment in honor of Miss Cecil Throckmorton. Mr. Throckmorton and family will start in a few days for Iowa. Albert Nelson and wife of near Arkoe were visiting in the valley Saturday at T. A. Ivie's, and Sunday at Alvin Nelson's.

Mrs. Robert Nelson of near Arkoe is visiting at her daughter's, Mrs. T. A. Ivie's, this week.

The little son, Raymond, of K. C. Knudson is quite sick at present with threatening pneumonia.

J. L. Hocker, the hardware dealer of Guilford for several years, made a deal the other day whereby C. C. Reynolds and C. E. Brittain became proprietors of the hardware and Hocker the owner of a farm of 179 acres adjoining his 160 acres on the north. It was the farm that used to belong to W. H. Thompson of Skidmore. Thompson first traded with C. C. Reynolds for his farm, west of Barnard. Then Reynolds traded it to Hocker for the hardware stock. They are invoicing the stock this week.

We apologize now for our statement last week about the Guilford hotel, as a Mr. Wilson of Parnell came in and started a hotel a week or two ago and ye scribe did not know it, as we had not been to Guilford for some time. We wish them success.

Rev. J. D. Randolph preached at the new church in Guilford Sunday evening at 7:30.

Alma Nelson, who is a conductor on the street cars of St. Joseph, was visiting his father and mother Monday and Tuesday.

Mrs. Minnie Grover of Burlington Junction was in the city shopping Wednesday.

Lawrence Cummins, assistant cashier of the bank at Worth, Mo., was in the city Wednesday visiting his parents, Mr. and Mrs. T. A. Cummins.

Dr. and Mrs. W. B. Heryford of Pickering were in Maryville Wednesday.

AMERICAN FENCE Campbell & Clark

NEWS OF SOCIETY AND WOMEN'S CLUB'S

(Continued from page 1.)

Mrs. N. F. Humber, Mrs. John Crandall, Mrs. Callista Dawson, Miss Eva Dawson, Miss Dora Estes.

New Glee Club Organized.

The Christian Church Male Chorus is the name of the new glee club that was organized Tuesday night and will be under the direction of H. J. Becker, director of the Christian church choir. The object of the chorus is to create more interest in vocal music and to raise the standard of music for the church to which it belongs. The rudiments of music will be taught the members of the chorus, as well as the principles of voice culture, by Mr. Becker, who is an experienced teacher and vocalist. The new organization starts out with enthusiasm on the part of each member, and we predict, judging by the personnel, that it will be one of the influential music centers of the city. The meetings will be held Monday night of each week. There are eighteen members. A constitution and by-laws were adopted at Tuesday night's meeting, and the officers chosen are as follows: Edward Gray, president; H. J. Becker, vice president; F. L. Flint, secretary; Frank Reavis, treasurer. The other members are: Lawrence Ray, Ernest Yeaman, Robert Fisher, John Gates, W. E. Goforth, Kenneth Frazier, Frank Miller, Paul Allen, Ray Feland, Floyd Miller, Guy Bent, Dennis Bennett and J. B. Ellis.

At the close of the organization meeting Tuesday night Mr. Becker escorted the young men to Reuillard's cafe, where he was host to a five-course dinner in celebration of his birthday anniversary. Each guest gave a toast to the health, happiness and prosperity of the host, and to the usefulness of the new glee club. As the last toast was offered, Mr. Becker was presented a handsome monogram stick pin from his guests as a token of their esteem. President Edward Gray making the presentation speech. The dinner ended with a rousing "rah rah" for the chorus director and host of the evening.

Entertained the Owl Patrol.

Mrs. G. A. Pickens entertained the Owl Patrol of the Boy Scouts Tuesday evening at her home, in West Terrace place, for her sons, Vern Pickens, who is captain of the Owls, and Paul Pickens. The Owls enjoyed a fine time at progressive dominoes, the captain winning the most points. After the games refreshments were served by Mrs. Pickens, after which the hostess was bidden goodnight by the "Hoo-Hoo" of the Owls. The members of the patrol are Vern Pickens, captain; Paul Pickens, Toel Lorange, Leland Leffler, Lyman Parcher, B. E. Condon, Donald Roberts and Jennings Jackson.

Eastern Star Meeting.

At the close of the regular meeting of the Eastern Star lodge Tuesday night a very pleasant social time was enjoyed and refreshments served. The new members introduced were Mr. and Mrs. O. P. Wade, Mrs. J. E. Melvin, Mrs. Robinson Craven and Mr. and Mrs. O. W. Swinford. The visitors were Mr. and Mrs. U. S. Wright, Mr. and Mrs. M. L. Hopper and Miss Hopper, W. B. Frost of Barton, Okla., and C. J. Lamar of Elmo.

Tourists Had Good Meeting.

The meeting of the Tourist division of the Twentieth Century club at the home of Mrs. M. M. Deming, Tuesday afternoon was well attended. "Italian Architecture" was considered. The responses to roll call were "Famous Buildings." Miss Bertha Beal gave an interesting paper on the "Milan Cathedral." The paper on "Italian Architecture" that was to have been given by Miss Theodosia Raines was continued to another meeting, owing to Miss Raines' absence from the city. Mrs. E. G. Leake displayed about fifty views of architecture, many of them photographed by herself during her European travels, delightfully entertaining her listeners with description and narrative. The Tourists concluded at this meeting to travel through Germany and Holland the coming year, and a committee will be appointed soon to prepare the program at the close of this year's study, which ends May 23, when Mrs. M. J. Honnold will be the hostess.

"At Home" With the Shepards.

Dr. and Mrs. F. R. Anthony, who have recently returned from their European trip, are now "at home" to their friends with Mr. and Mrs. A. L. Shepard, at 203 West Second street, where they will remain until their own home, at 502 South Main street, is vacated by Professor Frank Zimmerer, Professor Albert Hogan and Professor B. A. Stagner, who leased it for a stated period. Mrs. Anthony arrived home Tuesday night from Kansas City, where she had been visiting her parents, Mr. and Mrs. Mather, and her sister, Mrs. D. F. M. Weeks.

Sole Agents in Maryville for the famous McCall Patterns, 10c and 15c; None higher

THE NEW SUITS AND COATS ARE HERE! COME AND SEE WHAT A NEW SEASON BRINGS FORTH.

For many months the cleverest designers and makers in Paris have been studying and gradually perfecting these new styles. When they were first shown a short time ago they met with unqualified approval. Now these new styles are here, ready for you to choose from and to admire. Cleverly adapted from the extreme French styles, losing none of their becomingness however, they are indeed typically American.

The most noticeable thing in the new styles is the short jacket. Much shorter than usual, but with no set length. They vary with the style of the skirt and with the figure of the wearer, but they are nevertheless, much shorter than for many a season.

The skirts are still narrow but without a definite suggestion of the hobble effect. They are intended primarily to be comfortable and so none are so narrow as to interfere with walking.

Another feature that is accepted is the short waisted effect—the garment follows the curves of the figure below the short waist, yet they are not tight.

The new materials are charming. This is to be a great season for color, and an equally noteworthy one for novelties. From fanciful mixtures, smartly "roughish" in effect, to the smooth fabrics in dark colors, there does not seem to be anything possible in fabric production which one maker of materials or another has not produced.

The new Coats are long and loose. Broad reverses and fancy collars are most effectively used. The favored materials are serges, English Tweeds, mixtures, novelties, Tussah silks and Pongee. Coats will be much used since there are so many occasions when nothing else is quite so appropriate.

In selecting from the midst of so much that is fascinating the best guide is to take what is becoming and also what is conservative enough in cut and color so as not to become tired of them or to be conspicuous in them. And this will be easy to do, for we have had these ideas in mind when we selected this attractive showing.

Pictures and written descriptions fail to convey a full idea of the beauty and the striking styles that have been made ready for you, so come at once and personally inspect these new charming models.

UNUSUAL VALUES IN NEW UNDERMUSLINS

The best assortments we have ever shown

Quality is the key-note of this showing of new undermuslins—every garment shows careful selection. Not only are we showing the biggest assortments at every price, but we are giving the biggest values we have ever been able to offer.

Every garment in this collection is NEW. Every novel method of trimming, every clever design is here. It is a showing you cannot afford to overlook.

How To Surely Get Rid Of Rheumatism

Phenomenal Results Of Positive Antidote To Uric Acid.

The first dose or two of the positive antidote found for uric acid, gives immediate relief in all forms of rheumatism, gout, lumbago and

kidney trouble, and quickly brings on a cure. Every man and woman who has already tried it knows that this statement is true.

This antidote, called the "Fuss" Rheumatism Cure, has already cured over 1,000 cases of rheumatism. As an illustration, it cured Mrs. Mary E. Thorn of Owasco, Mich., 57 years old, of a 14-year case of rheumatism in 3 days. It cured Enos Kingsley, the well-known "la lies" tailor of Flint, Mich., of an excruciating case inside of a week. And many other cases have proven that it is the world's cure for rheumatism.

The "Fuss" Rheumatism Cure, moreover, is absolutely free from all dangerous drugs, stimulants or narcotics, free from opium, morphine, chloral, cocaine, ether, chloroform or alcohol, and is guaranteed so to the United States Government.

"Fuss" Rheumatism Cure sold at \$1.00 a bottle by all leading druggists, or will be sent prepaid on receipt of \$1.00. 75¢ bottles for \$5.00 by the Fuss Remedy Co., Flint, Mich.

For Sale in Maryville by Koch Pharmacy.

A CORROBORATION.

Of Interest to Maryville Readers.

For months Maryville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills, by residents of this locality.

Would these prominent people recommend a remedy that had not proven reliable?

Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of endorsement?

No stronger proof of merit can be had than cures that have stood the test of time.

The following statement should carry conviction to the mind of every Maryville reader.

G. S. Kemp, R. F. D. No. 1, King City, Gentry county, Mo., says: "I give Doan's Kidney Pills my endorsement and I willingly confirm the statement I made in their favor some years ago. This remedy has been of great benefit to me and I advise other kidney sufferers to give it a trial."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

On Visit to Oklahoma.

Mr. and Mrs. W. R. Wells of South Main street and Mrs. Wells' brother, William A. Johnston of Springfield, O., left Wednesday morning for Pryor, Okla., to visit the family of Charles Wells, son of Mr. and Mrs. Wells. Mr. Johnston has been in Maryville since Friday visiting his sisters, Mrs. I. W. Nixon and Mrs. W. R. Wells, and their families.

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Will Leave for Their Home.

Mr. and Mrs. Anton Zimmerer, who have been visiting with their son, Professor Frank Zimmerer of the normal, for the past three months, will leave Thursday night for their home in Nebraska City, Neb.

Mrs. E. Y. Shinabargar, living south of Maryville, went to St. Joseph Tuesday evening to visit her son, John Shinabargar.

HAIR WANTED

NEWS OF INTEREST TO PEOPLE WHO HAVE NO HAIR.

There is one place where bald headed men shine, and that is in the front row seats of the theatre. They do not obscure your view like the "merry widow" hats and the reflection of the footlights on their noses lends a certain glamour to the scene. If these bald headed people had used Wyeth's Sage and Sulphur Hair Remedy in their earlier days they would not be so conspicuous now. This preparation does not plant new hair, but it does strengthen weak, dying hair, and not only brightens dull, parched hair, but gradually restores the color to faded or gray hair. It is a clean, wholesome hair dressing, which can be used daily with perfect safety.

Wyeth's Sage and Sulphur is sold under guarantee that the money will be refunded if it fails to do exactly as represented.

This preparation is offered to the public at fifty cents a bottle and is recommended and sold by

Koch Pharmacy.

GORE CHARGES ARE NOT UPHELD

House Committee Finds No Evidence Involving McMurray.

THURSTON'S INTEREST PROPER

Former Nebraska Senator Asserted to Have Been Employed in Case as Result of Service in Senate—Blame McMurray for Distrust of Indians.

Washington, March 1.—The house special committee appointed to investigate Senator Gore's charges of attempted bribery in connection with J. W. McMurray's Indian land contracts finds that Jake L. Hamon did make an improper proposal to Senator Gore concerning the contracts. On the grounds of lack of evidence that Hamon was acting "by authority of or with the knowledge of McMurray," the report exonerates McMurray of attempting to improperly influence members of the senate or house.

The committee finds that McMurray gave Chief Green McCurtain and his son a contingent interest in \$25,000 of the contracts to secure their support. It further finds that McMurray's operations are largely responsible for the distrust the Choctaw and Chickasaw Indians feel toward the national government.

The report says no member of the house or senate had any interest in the contracts.

The connection of former Senator Chester I. Long of Kansas and former Senator John M. Thurston of Nebraska with the McMurray contracts is held to have been entirely proper, being simply the interests of attorneys properly employed. Both were employed in a legal way after they had left the senate.

RACE RIOT AT FORT WORTH

Mob Wrecks Moving Picture Theater and Beats Up Several Negroes.

Fort Worth, Tex., March 1.—For three hours a mob of 1,000 or more men and boys had full possession of the downtown section of the city, during which time a half dozen negroes were roughly handled, scores of others were chased until they eluded the mob or found refuge, and thousands of dollars' worth of damage was done to buildings occupied by negroes.

The trouble began when a picture show for negroes opened its doors at 8 o'clock. Bricks were hurled into the building, wrecking the place and scattering its occupants. The mob then began a systematic hunt for negroes, sweeping through the principal thoroughfares. In the height of the trouble the excitement was added to by the accidental shooting and killing of a negro porter by a bartender. At midnight a shower or rain dispersed the rioters.

PRINTERS' STRIKE IN CHICAGO

President of Union No. 16 Insists on Calling Out Men.

Chicago, March 1.—The Chicago morning papers were printed this morning in abbreviated form because of the differences with the Typographical union. All printed only four pages. The trouble arose over a dispute over wages in the offices of the American and Examiner, the president of local union No. 16 calling out the men.

The following telegram was received by the Chicago Publishers' association from President Lynch of the International Typographical union:

"Strike unauthorized, illegal and without warrant. You are authorized to publish this dispatch."

DOUBLE MURDER AND SUICIDE

Miss Jeannette Lewis Poisons Mother, Nephew and Herself.

Philadelphia, March 1.—Miss Jeannette Lewis, aged twenty-seven years, murdered her mother, Mrs. Sarah Lewis, aged fifty-seven years, and her nephew, Edward B. Milden, Jr., aged nine years, by administering cyanide of potassium and afterward committed suicide by taking a dose of the same drug. The tragedy occurred at the home of Edward B. Milden, at Pelham, a suburb. Miss Lewis' sister who was the wife of Mr. Milden, died in a hospital in the city and it is believed the young woman was crazed by grief.

CONDENSED NEWS

John Land, a Chicago boy visiting in Cheyenne, accidentally shot himself, dying instantly.

Governor Morris of Montana has approved the bill providing for commission form of government for cities.

The federal grand jury at Detroit is investigating alleged Alaskan land frauds by the Michigan-Alaska Development company.

President Taft has accepted an invitation to attend Bailey P. Waggoner's annual children's picnic in Atchison, Kan., next September.

Mayor Pratt of Spokane has issued an official statement that the alleged bubonic plague in that city is merely influenza in a severe form.

Count Apponyi, universal peace advocate, in an address to the University of Pennsylvania students, declared that disarmament at the present time would be folly.

REMOVES DANDRUFF.

Puts Life Into Faded Hair and Stops Scalp Itch.

If your hair is dull and lifeless, is falling out and getting thin on top, then you need Parisian Sage, and the quicker you get it, the sooner you will thank the Koch pharmacy for selling you such a worthy dependable hair grower, dandruff cure and hair dressing.

Read what Mrs. M. A. May of 107 East Elizabeth street, Detroit, Mich., writes on June 6, 1910:

"I have used many 'hair restorers' but have received no apparent benefit until I tried Parisian Sage. My hair is soft and silky, and while before I commenced using the remedy my hair was falling fast, was dry and harsh, faded, and altogether unlovely, now just within the past few weeks several have remarked how lovely my hair was. It is also fine just for a dressing, leaving the hair soft and fluffy. It removes dandruff, and cures itching of scalp. I certainly take pleasure in recommending Parisian Sage."

Parisian Sage is sold by the Koch pharmacy and druggists everywhere. Get a 50-cent bottle today, use it for two weeks and if you are not satisfied that it will do all that it is advertised to do you can have your money back. The girl with the Auburn hair is on every package.

On Way to Illinois.

Mrs. S. Harman of Hopkins spent Tuesday in Maryville, the guest of Rev. and Mrs. C. H. John. Mrs. Harman left Tuesday evening for Winona, Ill., which will be her home in future. Mr. Harman preceded her with the household goods. They had lived in Hopkins for thirteen years. Their son lives in Winona, which is the reason of their going.

Cost But a Trifle to Cure Catarrh.

How many readers of The Democrat-Forum know that in Inland Australia, where the mightiest of eucalyptus trees grow in abundance, that there is no consumption, catarrh or diseases of the respiratory tract.

The refreshing balsam thrown out by these trees fills the air and is breathed into the lungs by the inhabitants and all germ life is destroyed.

If you have catarrh you cannot go to Inland Australia except at great expense, but you can breathe right in your own home the same pleasant, soothing, healing, germ killing air as you would breathe if you were living in the eucalyptus district of Australia.

Just breathe Hyomei; it is made from Australian eucalyptus and scientifically combined with thymol and other antiseptics employed in the listerian system.

Pour a few drops of Hyomei in the inhaler and breathe it, and as it passes over the catarrh infected membrane it kills the germs and heals the raw, inflamed surface.

Hyomei is guaranteed to cure catarrh, coughs, colds, croup and sore throat or money back. Complete outfit, including inhaler, \$1.00. Extra bottles of Hyomei cost but 50 cents. Sold by druggists everywhere and by the Orear-Henry Drug Co.

Moving to Nebraska.

Mrs. E. L. Randall, Mrs. T. W. Altig and daughters, Misses Golda, Lula and son, Arthur, who have been living at Pickering, were in Maryville Tuesday night, guests of Mr. and Mrs. George Jones of West Fourth street. They left Wednesday morning for Grant, Perkins county, Neb., to make their home.

WRITES ON THE SILO

(Continued from page 1.)

cropping to corn has robbed it of, viz: nitrogen and humus.

"But some one will say, our present acreage of corn is not now yielding enough for home supply. Granted that fact, because I know that our yield per acre has fallen off and that much corn has been shipped into the county during the past five years.

"My contention is to build up the land by the liberal use of clover and manure to where the average yield per acre will be doubled and then, by the use of the silo, almost double the feeding value of every acre of corn that is put into the silo. This system spells not only economy of production, but elimination of waste.

"Under the silo system of farming more land can be kept to grass, more stock can be better and more economically kept and, thereby, the fields are less subject to waste by the washing away of the top and richest part of the soil. More stock means more manure and more manure means bigger and better crops per acre.

"Ten acres of corn put into the silo has a feeding value equal to almost twenty acres handled in the usual way. Besides almost doubling the feeding value of every acre of corn that goes into the silo, the palatability of the feed thus supplied is greatly enhanced, and, still further, ensilage is a succulent food, more like green summer feed than any other winter feed, and is more easily digested and assimilated.

"Silage is especially strongly recommended for milk cows, fattening steers and all young growing cattle. It is good for horses, sheep, hogs and chickens. When corn is put into silage every particle of the nutriment contained in the stalk, blades and grain is preserved just at the time when the plant is at its highest feeding value, and thus, by 'canning' it in the silo, fully 40 per cent waste is eliminated—in other words, waste is turned to gain.

"Another advantage with the silo is that the crop is harvested at a time when weather conditions are favorable, and, after the ground is cleared, can yet be sown to fall grain, and in the following spring clover can be sown with the small grain. Thus the much desired crop rotation and soil building are facilitated. In the most available, compact and When the corn crop is in the silo it convenient form for winter feeding with exposure and labor of handling reduced to the minimum.

"After carefully studying the silo question from every angle for several years I built a silo on my farm and after four seasons' use I can conscientiously recommend the silo as the best and most profitable farm improvement I ever made. In the light of my own experience and the experience of hundreds with whom I have talked, I can advise that the gain from feeding silage will almost return the cost of the silo every two years. When it is figured that a silo built of Oregon fir, full length single stave, will last for at least twenty-five years, it does not require a very shrewd business farmer to see that the money investment in a silo is about the most sensible and profitable investment he could make.

"A well constructed silo of good material adds to both the appearance and selling value of the farm. The silo is the key to more stock on the farm, more grass, more manure, better farming and larger profits. The silo is beyond the experimental stage. Every state agricultural experiment station in the corn belt recommends it. Every farmer, feeder, breeder and dairyman who has tried it out for himself recommends it.

"There should be one thousand silos erected in Nowaday county within the next three years. After these have been in operation three years I venture the prediction that our bank deposits will be almost doubled."

Was Consulting Contractor.

Mrs. W. J. Evans of St. Joseph was in Maryville Wednesday consulting contractor Lincoln Bent in regard to building a residence at Conception Junction. Mrs. Evans' husband is a conductor on the Chicago Great Western railway, and they will soon locate in Conception, since the division has been changed from St. Joseph to that place. Owing to the lack of houses to accommodate the families of the railway men who would naturally locate in a division point, it will be some time before the new division will settle.

Visiting Iowa Normal.

Miss Mary Hughes and Miss Carrie Hopkins of the training school faculty of the Northwest Normal returned Wednesday morning from a vacation visit to the State Normal of Iowa, which is located at Cedar Falls.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds, it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with

Dr. Shoop's Restorative
THOMAS J. FARLE.

FATAL AFFRAY AT CHICAGO

Richard Clark Shot and Killed by Arthur Quinn in Primary Row.

Chicago, March 1.—One killing and several less serious disturbances marked the municipal primaries. Arthur Quinn, son of James A. Quinn, former city sealer, and a well known politician, shot and killed Richard Clark, a hodecarrier, in North Clark street, near West Chicago avenue, after the man had shot Quinn in the foot. The shooting was the climax of an election row. Quinn is a leader of the Twenty-second ward and was acting as special deputy sheriff.

Patrick O'Hern and an unidentified man quarreled over the election in the neighborhood of the Quinn shooting. O'Hern was stabbed over the eye and the man escaped. O'Hern will recover.

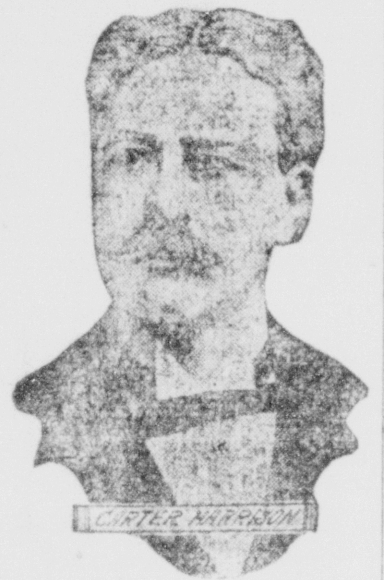

Charles Flynn, an election inspector in the Forty-third precinct of the Sixth ward, was arrested on a charge of irregular conduct.

Election Commissioner Czernecki ordered election clerks in the Eighth ward to remove their candid order election clerks in the Eight-
dates' badges and commanded various inspectors to cease challenging voters.

CHICAGO DEMOCRATS NOMINATE HARRISON

Merriam Polls Big Vote for Republican Nomination.

Chicago, March 1.—Charles E. Merriam, professor of political economy at the University of Chicago, was the choice at the Republican primaries to oppose Carter H. Harrison four times mayor, the Democratic nominee, in the race for the mayoralty. Harrison was chosen after a close fight in

the Republican primaries, Professor Merriam polled a vote which almost equalled the combined vote of the four Republican opponents.

The following is the final count of 1,324 precincts:

Democrats—Harrison, 55,969; Graham, 28,541; Dunne, 53,513.
Republicans—Merriam, 54,228; Seelye, 1,211; Thompson, 25,108; Murray, 2,822; Smulski, 24,167.

Merriam proved a surprise to the politicians. He is a member of the city council and gained publicity as head of a commission which investigated the city purchasing system.

Harrison's victory and the hard run made by former Mayor Dunne came as a surprise to many, Graham having been a favorite in the betting during the primary campaign.

Charges of "knifing" and "double crossing" were made by Graham supporters.

In the First ward, where Alderman Michael Kenna, known in the council for years as "Hinky Dink," ran with Harrison, Kenna was hundreds of votes ahead of his opponent, Colonel Leopold Moss.

MUTINY IN PENITENTIARY

Twenty-Two Prisoners Escape After Fight in Which Fifteen Are Killed.

Chicago, March 1.—A private telegram from a reliable source at Chilcubus, Mex., confirms the report of an uprising of long-term prisoners in the penitentiary in that city.

Forty-two prisoners, including one American, participated in the outbreak. Despite the fact that the prison is a modern one, the prisoners overpowered the corridor guards, seized twelve rifles and a large amount of ammunition and after dispersing the outer guard made their way into the street.

Police and soldiers, led by Governor Ahumada in person, engaged the fugitives. Fifteen prisoners were killed, five wounded and the remainder escaped.

Among the slain prisoners was the American, who was serving a ten-year sentence for murder. Two policemen were killed.

Pensions for Kansas Teachers.
Topeka, March 1.—The Kansas senate passed the teachers' pension bill. This measure applies only to cities of the first class. Teachers in order to receive the benefit of the act must have been in the school service not less than thirty years.

Thirteen Physicians Arrested.
Kansas City, March 1.—Thirteen physicians of this city have been arrested on federal indictments for spreading improper proposals in advertising literature.
